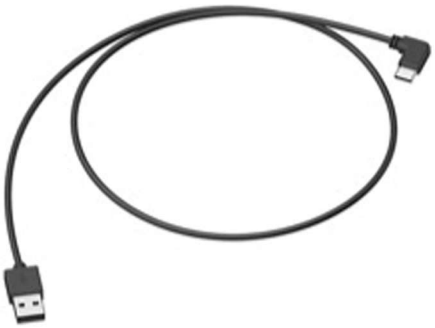
Rubber Pad

USB-C Protective Cover



USB-C Cable

Stay Off-Grid and Stay Connected

TALKIE's Mesh Intercom™ technology keeps your party connected in areas without cellular network service, so you can adventure freely without fear of losing your group.

Rugged and Ready for Adventure

TALKIE is IPX7 weather rated to deliver crystal clear communication on the waves, on the slopes, and everywhere in between.

Intuitive Design Inside and Out

TALKIE is simple to use with three buttons for easy operation, and intelligent with Proximity Mute to prevent echo when adventurers are close together.

Interchangeable Faceplates to Suit Your Style

Swap out the faceplate on the TALKIE with ease from Ivory White, Sunstone Orange, Carbon Black, or Camouflage to match your style.
